Reel Belize Bonefish School

Reel Belize Bonefish School – 2026

An action-packed week of fly fishing the crystal-clear flats of Ambergris Caye—designed to take your saltwater game to the next level.

Led by Lori-Ann Murphy, a seasoned guide trained by the best—Lefty Kreh, Joan Wulff, and the Rajeff's—you'll learn how to double haul or improve your line speed, get rid of tailing loops or spaghetti casts, rig your leaders with purpose and make smart fly selections for the moment that matters most.

This isn't just fishing. It's learning, casting, laughing, and chasing bonefish in a place where the flats stretch forever.

Small group. Big instruction. Huge fun.
